moon

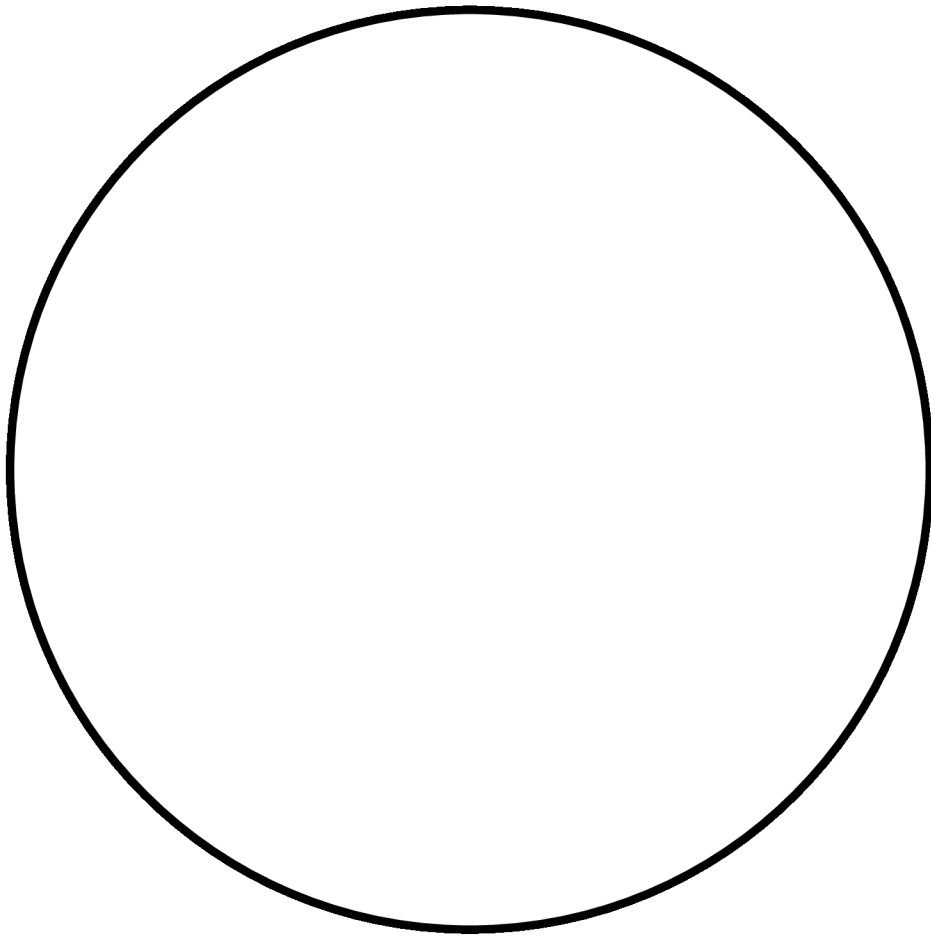

telescope

Design Your Planet

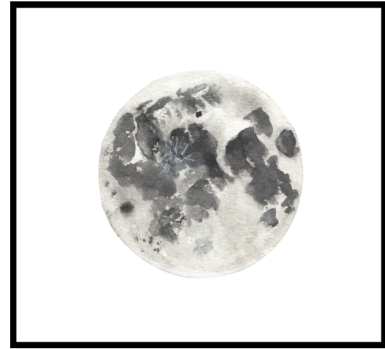

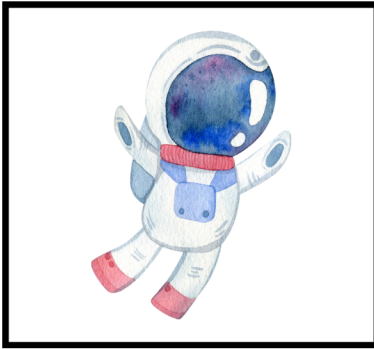

If you can create your own planet, what would your planet look like? Design your planet in the circle below.

What makes your planet unique?

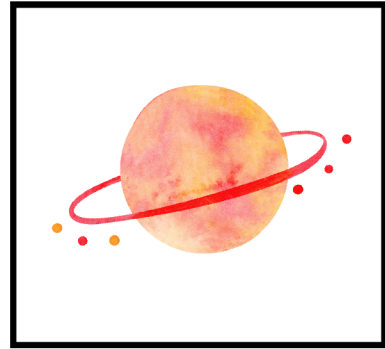

Narrative Writing

Write your own space adventure story based on these pictures.

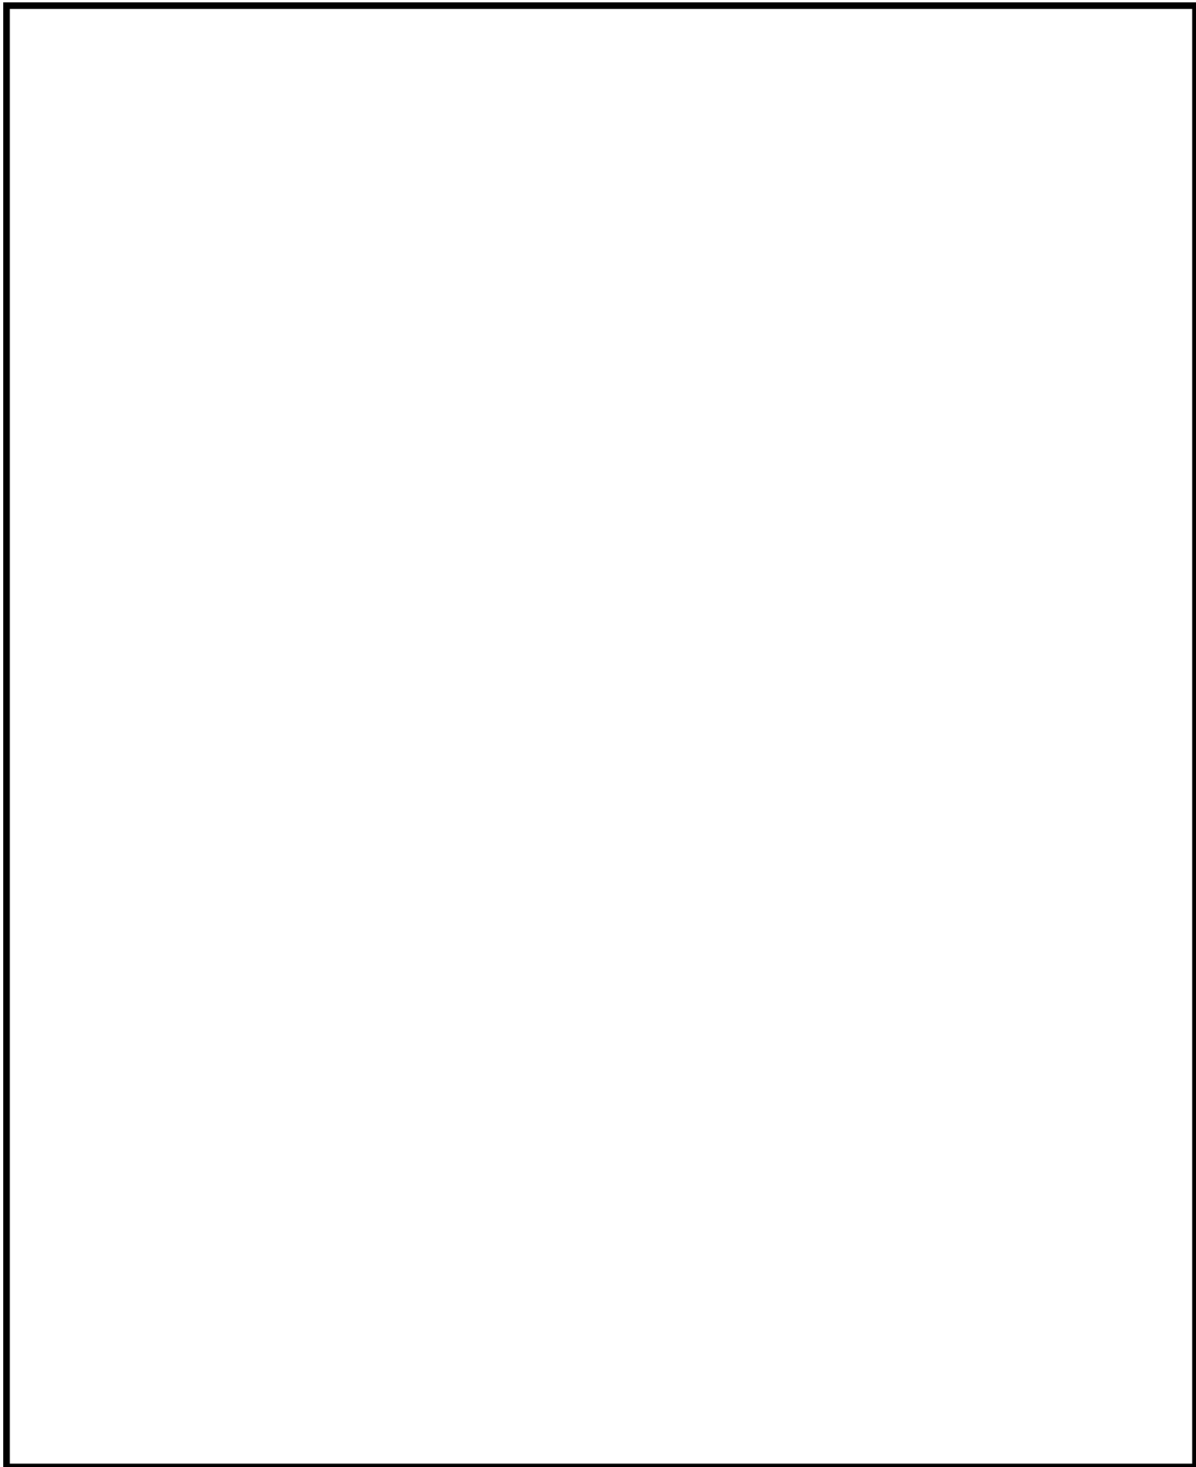

Narrative Writing

Write your own space adventure story based on these pictures.

Packing for Space

Draw and describe a list of items you would bring with you if you had the opportunity to go to space.

A large, empty rectangular box with a black border, intended for a child to draw and describe items they would bring to space. The box is centered on the page and occupies most of the lower half of the worksheet.
